

**TOWN OF LAUDERDALE-BY-THE-SEA
TOWN COMMISSION
REGULAR MEETING MINUTES
Jarvis Hall
4505 Ocean Drive
Tuesday, October 22, 2019
6:30 PM**

1. CALL TO ORDER

Mayor Chris Vincent called the meeting to order at 6:31 p.m. Also present were Vice Mayor Elliot Sokolow, Commissioner Edmund Malkoon, Commissioner Alfred "Buz" Oldaker, Commissioner Randy Strauss, Town Manager Bill Vance, Town Attorney Susan L. Trevarthen, Assistant to the Town Manager Neysa Herrera, Town Engineer Jay Flynn, Special Projects Coordinator Debbie Hime, Planner Jhanelle Campbell, Recycling Coordinator Vicki Eckels, Public Information Officer Steve d'Oliveira, and Town Clerk Tedra Allen.

2. PLEDGE OF ALLEGIANCE TO THE FLAG

Following the Pledge, all present observed a moment of silence in honor of Coral Springs Firefighter and Town resident Christopher Randazzo.

3. INVOCATION

Pauline Brooks McGuinness gave the Invocation.

4. ADDITIONS, DELETIONS, DEFERRALS OF AGENDA ITEMS

At the request of Staff, Item 11f. was pulled from the Agenda and will be brought back at the November 12, 2019 meeting.

5. PRESENTATIONS

5.a Fire Prevention Week Proclamation

Mayor Vincent read a Proclamation recognizing the week of October 6-12, 2019 as Fire Prevention Week.

6. PUBLIC COMMENT

At this time Mayor Vincent opened public comment.

John Ahumada, resident, stated that he would like to meet with the Town Commission to explore creation of an open-access, Town-sponsored business incubator that would create more jobs in the community.

With no other individuals wishing to speak at this time, Mayor Vincent closed public comment.

7. PUBLIC SAFETY DISCUSSION

7.a VFD September 2019 Report (Chief Judson Hopping, VFD)

Volunteer Fire Department (VFD) Chief Judson Hopping requested that Fire Department vehicles be allowed to park on the inside lane of El Mar Drive following Firefighter Christopher Randazzo's funeral service. The Commission agreed by unanimous consensus.

Commissioner Strauss made a motion, seconded by Commissioner Oldaker, to approve. Motion carried 5-0.

Chief Hopping added that the VFD recently underwent an audit and retained its rating of 2 on a scale of 1 to 10. Of 517 Departments in the state of Florida, the Lauderdale-By-The-Sea VFD ranks in the top 29%. They are ranked in the top 4.7% of Departments nationwide.

7.b BSO September 2019 Report (Captain Tom Palmer, BSO)

Broward Sheriff's Office (BSO) Captain Tom Palmer stated that Christopher Randazzo was the victim of homicide on October 19, 2019. BSO is dedicated to bringing justice to Mr. Randazzo's family. While there is demand for information, many details cannot be provided at this time due to the need for preservation of the investigation. He emphasized that the Town continues to be a safe community, with low annual crime rates. Lauderdale-By-The-Sea had not experienced a homicide since 2007. The Town's website includes a CrimeStoppers link for anyone with information on the case.

Vice Mayor Sokolow made a motion, seconded by Commissioner Oldaker, to approve. Motion carried 5-0.

7.c AMR September 2019 Report (Chief Brooke Liddle, AMR)

Commissioner Oldaker made a motion, seconded by Commissioner Strauss, to approve. Motion carried 5-0.

8. TOWN MANAGER REPORT

8.a 3rd Quarter Welcome Center Report (Eva Marissa, LBTS Welcome Center)

The report was accepted without discussion.

8.b Action Report (Bill Vance, Town Manager)

The report was accepted without discussion.

8.c Town Manager Report (Bill Vance, Town Manager)

Town Manager Bill Vance advised that Town office facilities received comprehensive Information Technology (IT) upgrades. Additional audio/visual upgrades will be made in November. New phone installations are complete in the BSO and VFD office spaces.

The Town's 30-year franchise agreement with natural gas provider Teco expired in 2018. Terms of this agreement are still being maintained. The Town Attorney's Office is negotiating the extension of this contract.

Municipal Services Director Ken Rubach is coordinating industry contracts and meetings to provide for the installation of electric car charging stations in the Town, hopefully within the first six months of 2020.

The Town Manager and Chamber of Commerce are moving forward with Americans with Disabilities Act (ADA) compliance plans for the Visitors' Center and Chamber offices.

Vice Mayor Sokolow requested additional information regarding plans for the installation of electric car charging stations. Town Manager Bill Vance replied that Staff is seeking to become better educated regarding what is necessary to install these facilities for both residents and visitors. More information will be provided to the Commission before Staff takes any action.

Commissioner Oldaker commented that he has heard from several constituents over the weekend regarding the homicide in Town, and has requested a meeting with the Town Manager and Captain Palmer to hear more in-depth information.

8.d 10th Annual Dolphins Cancer Challenge February 29, 2020 (Debbie Hime, Special Projects Coordinator)

Special Projects Coordinator Debbie Hime explained that this event features a bike ride through the Town on A1A with the assistance of BSO. The ride raises millions of dollars each year and extends from Palm Beach through Miami.

9. TOWN ATTORNEY REPORT

None.

10. APPROVAL OF MINUTES

10.a September 12, 2019 1st Public Budget Hearing Minutes

10.b September 12, 2019 Town Commission Meeting Minutes

10.c September 26, 2019 2nd Public Budget Hearing Minutes

10.d September 26, 2019 Town Commission Meeting Minutes

Vice Mayor Sokolow made a motion, seconded by Commissioner Oldaker, to approve. Motion carried 5-0.

11. CONSENT AGENDA

Items 11b, 11c, and 11e were pulled for additional discussion. It was noted that Item 11f was deferred to the November 12, 2019 meeting.

11.a Special Event Application for LBTS Chamber of Commerce's November 16, 2019 "Taste of the Beach" Event (Debbie Hime, Special Projects Coordinator)

11.b Implementation of Town's Strategic Marketing Plan by Conceptual Communications FY20 (Debbie Hime, Special Projects Coordinator)

Vice Mayor Sokolow asked how the Item relates to the approximately \$200,000 marketing budget, which was reduced during the Town's budget process. Special Projects Coordinator Hime explained that this Item was included as part of the overall marketing budget and allows for the implementation of social media marketing on numerous platforms.

Additional costs are listed under Operating Expense 311 and include advertising with sunny.org, Visit Florida, TripAdvisor, and other separate expenses that are paid directly to vendors. These total \$70,000 for advertising and marketing throughout the year.

Commissioner Oldaker made a motion, seconded by Commissioner Strauss, to approve. Motion carried 5-0.

11.c Purchase of One 2019 Club Car Carryall 1500 4x4 (Ken Rubach, Municipal Services Director)

Commissioner Malkoon recalled that the Town had looked into the possibility of leasing some of its equipment, and asked if this vehicle could be leased rather than purchased. Town Manager Vance noted that the Town needs to replace many of its golf carts with sturdier vehicles that have better lighting, brakes, and other features. He concluded that he would look into the possibility of leasing the vehicle.

Commissioner Strauss made a motion, seconded by Commissioner Oldaker, to approve. Motion carried 5-0.

11.d Storm and Sanitary Sewer Maintenance Contract (Ken Rubach, Municipal Services Director)

11.e Purchase of Single Space Parking Meter Mechanisms & Housing (Ken Rubach, Municipal Services Director)

Vice Mayor Sokolow asked if the new parking meter mechanisms are equipped with pay-by-phone capability. Town Manager Vance advised that the Town has not eliminated any pay-by-phone opportunities. Staff will verify that the new infrastructure is compatible with current services prior to installation.

Commissioner Malkoon asked if the Town has begun implementing parking based on license plates in non-numbered spaces. Town Manager Vance confirmed that

throughout the ongoing IT upgrades, equipment associated with this capability was identified and is being replaced. He clarified that funds for this expense are coming from the Parking Fund.

Commissioner Oldaker asked if guaranteed support will be available for some time once the new system is implemented. Town Manager Vance offered to provide additional specifics at a future meeting.

Vice Mayor Sokolow made a motion, seconded by Commissioner Oldaker, to approve, subject to verification that it is compatible with and will accept pay-by-phone payments. Motion carried 5-0.

11.f Bonus granted to Michael D. Walker for 25 years of service in accordance with the Personnel Policies manual viii. Salary Administration f, Bonuses (Bill Vance, Town Manager)

11.g HR Consultant (Bill Vance, Town Manager)

Commissioner Oldaker made a motion, seconded by Commissioner Strauss, to approve Items 11a, 11d, and 11g. Motion carried 5-0.

12. OLD BUSINESS

12.a Summary of El Mar Meeting with FDOT (Vice Mayor Sokolow, Jay Flynn, Town Engineer, Bill Vance, Town Manager)

At this time Mayor Vincent opened public comment.

Barbara Cole, resident, stated that she was opposed to the project if it includes a walkway in the median. She felt the Town would be better off funding its own project rather than partnering with entities such as the Florida Department of Transportation (FDOT) or the Broward Metropolitan Planning Organization (MPO).

With no other individuals wishing to speak at this time, Mayor Vincent closed public comment.

Vice Mayor Sokolow advised that representatives of the Town, the Broward MPO, and FDOT met at FDOT's offices the previous week to further discuss the project. It was clarified that should the Town choose to have the project redesigned, it would not be

rejected by FDOT, but would be delayed for approximately another seven years before it can be included in the next FDOT work cycle. FDOT has advised that should the Town choose to fund and design its own project, they would provide all engineering materials that have been prepared to date.

Vice Mayor Sokolow concluded that he was in agreement with the residents who have expressed their opposition to the project's walkway. He felt the Town should inform FDOT that they do not wish to proceed with the El Mar Drive project if it includes the walkway, and noted that Town Engineer Jay Flynn has designed potential typical sections with wider sidewalks, a narrower median without a walkway, and sufficient room between the designed roadway and sidewalks.

Commissioner Oldaker pointed out that the Town has realized several successful projects on its own. He agreed that the project should be pursued by the Town without partnership with outside entities. Commissioner Malkoon agreed, adding that he had not spoken to any residents who wanted the project in its current design. Commissioner Strauss noted that the plans presented thus far did not feature the median to the Town's best advantage.

Vice Mayor Sokolow noted that a drainage issue will need to be addressed when the Town undertakes the project, and landscaping will need to be provided. Mayor Vincent recognized Town Engineer Jay Flynn for his commitment to high safety standards for the project during the recent discussions.

Vice Mayor Sokolow made a motion, seconded by Commissioner Malkoon, to notify the Broward MPO that the Town does not want a project with a median walkway. Motion carried 5-0.

Town Manager Vance recommended that Staff partner with the Town Attorney to determine the best way to formally notify the Broward MPO of the Town's decision. This will nullify the previous agreement made with regard to the project.

13. NEW BUSINESS

13.a Recycling Reboot – Rethink. Recycle. Reset. (Vicki Eckels, Recycling Coordinator)

Recycling Coordinator Vicki Eckels reported that the Florida Department of Environmental Protection (FDEP) has partnered with businesses in the waste industry

to form Florida Recycles and have prepared the "Rethink. Recycle. Reset" education program.

While historically China accepted most U.S. recyclables, they have limited this trend in recent years with regard to both quantity and quality. As a result, recycling is no longer a revenue generator, but is an expense to most communities. Contamination of recyclables has contributed to this change. The greatest contamination occurs from plastic bags included in recycling.

Steps individuals may take include removing glass from recycling, as it is a significant negative contributor to the average market value of recyclables. While average market value of recyclables has decreased, net material value has increased, contributing to greater costs for the Town.

Recommendations for the Town regarding recycling include:

- Agreeing to remove glass from the list of approved recyclables
- Launch a major public education campaign around the "Rethink. Recycle. Reset" campaign
- Perform random monitoring of what is placed in recyclable carts

Coordinator Eckels advised that in addition to providing a new brochure, she recommended the placement of sandwich boards listing the new rules at certain intersections. Other steps may include replacing decals on carts, placement of articles in the *Town Topics* newsletter, and distribution of recycling totes to replace plastic bags.

Vice Mayor Sokolow proposed creating wall signs for condominiums to place in their recycling areas, as part-time residents may be used to following different rules with regard to recycling. Commissioner Oldaker added that it may also be wise to renegotiate the Town's contract to minimize its length, as circumstances may be subject to further change in the future as the County considers participation in recycling.

Town Manager Vance recommended that he work with Coordinator Eckels to draft a Resolution documenting some of the recommendations discussed above, particularly with respect to how glass is handled. Commissioner Oldaker requested that he would like to see more analysis regarding how costs would be affected before making a decision to change the entire process. It was determined that the Item would be brought before the Commission once more at their November 12, 2019 meeting.

13.b Commission Meeting Dates for November and December (Tedra Allen, Town Clerk)

The Commission agreed by unanimous consensus to cancel their second meetings scheduled for November 26, 2019 (two days before Thanksgiving) and December 24, 2019 (Christmas Eve), with the understanding that special meetings could be scheduled if emergencies arise.

13.c Dog Beach in the Town of Lauderdale-By-The-Sea (Commissioner Strauss)

Commissioner Strauss explained that he has been approached to discuss the possibility of designating an area of the beach to which residents and visitors could bring their dogs. He suggested that the Commission consider making further discussion of this issue a future Agenda Item in order to hear public input.

Mayor Vincent observed that critical aspects of the proposal include the location of the proposed dog beach. Commissioner Strauss advised that individuals would need to apply for a license or permit to bring their dogs to the beach at a daily, weekly, or annual cost. Potential fee schedules are included in the Item's backup materials.

Assistant to the Town Manager Neysa Herrera advised that she has researched the regulations of nearby municipalities with dog beaches: Fort Lauderdale, Hollywood, and Boca Raton. Fort Lauderdale requires dog owners to present a certificate of vaccination and pay a fee of \$30/resident or \$45/non-resident. This fee applies per dog. Similar conditions exist for the other two municipalities as well. She noted that there would be a designated area and times when dogs are allowed on the beach.

Commissioner Oldaker commented that his primary concern was for the location so the proposed beach would not affect nearby residences or businesses. Mayor Vincent advised that as part of a pilot program, the dog beach might be attempted at more than one site. He recalled that the former Minto property had been discussed as a possibility some years ago.

Commissioner Malkoon expressed concern with location and monitoring, pointing out that the other municipalities have rangers who assume responsibility for keeping the space clean. He was also concerned with the requirement for a permit, which would be difficult to enforce. Vice Mayor Sokolow stated that because the Town's geography is different than the other municipalities', this would be a "not in my back yard" issue for

most of the Town, particularly condominiums. There are no large open areas with sufficient distance from residences. He also did not feel the suggested regulations would be enforceable.

The Commissioners agreed by consensus to seek additional public comment through the Town's website as well as *Town Topics*.

13.d Town Manager's Recommendation to postpone his annual performance review to March 1, 2020 (Bill Vance, Town Manager)

Commissioner Malkoon pointed out that the review date is part of the Town Manager's contract as approved by the Commission. He also noted that an election is scheduled for March 2020, which could result in changes to the Town Commission.

Town Manager Vance explained that his intent had been for the review date to be closer to the time when some of the Town's projects in which he has played a significant role are realized. This would allow the Commissioners to take results into consideration when evaluating his performance.

The Commissioners agreed by consensus to postpone the Town Manager's annual evaluation until the first meeting in February, which falls on February 11, 2020.

13.e Opportunity for Lauderdale-By-The-Sea's Town Commission to establish performance goals for Fiscal Year 2020 (Bill Vance, Town Manager)

Town Manager Vance reported that the Terra Mar stormwater improvements, Palm Club sewer improvements, and El Mar Drive improvements are either underway or scheduled. He recommended hearing from the public as well as the Commissioners regarding future projects and goals they would like to see within the Town. The Commissioners agreed by consensus to discuss these goals further at the upcoming Action Plan Workshop scheduled for November 12, 2019.

14. COMMISSIONER COMMENTS

Commissioner Oldaker expressed his condolences on the Town's recent loss, and assured residents that Lauderdale-By-The-Sea remains a safe place. He commended the efforts of BSO in maintaining a safe environment.

Mayor Vincent reported that he had attended the American Flood Coalition's Florida Mayors' Summit in Washington, D.C. This was a nonpartisan event with a consensus of members who acknowledge the need to share ideas regarding the address of sea level rise and rain events. Proposed Ordinance 2019-09 would bring the Town into compliance with the Federal Emergency Management Agency (FEMA) and with Florida Building Code. Once the Town is current, it will be easier to access state and federal funding. They would also be able to participate in impact bond funding at low interest rates in the future.

Mayor Vincent also suggested that the Town create a resilience team that would strategize on ways to adapt and deal with future climate-related challenges. He noted that climate change is no longer only a coastal problem but an inland issue as well, as flooding is affected by the water table. He recognized Town Staff for preparing him with backup information to share at the recent summit.

Mayor Vincent concluded by inviting local and neighboring families to Boo-By-The-Sea, which is scheduled for Saturday, October 26, 2019. The event will be held in the west business Plazas between 2 p.m. and 5 p.m.

Vice Mayor Sokolow thanked the Commission for their support in assuming Town control of the El Mar Drive project.

Commissioner Strauss advised that the Town's Veterans Day event is scheduled for 10 a.m. on Monday, November 11, 2019 at El Prado Park. A reception will be held after the event at Frame and Art on Commercial Boulevard. He encouraged veterans to attend the ceremony and reception.

15. ORDINANCES 1ST READING

15.a Ordinance 2019-09 – AN ORDINANCE OF THE TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA, AMENDING CHAPTER 9 “FLOOD PREVENTION AND CONTROL” TO UPDATE REGULATIONS IN ORDER TO COMPLY WITH THE CURRENT FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA)-APPROVED, FLOOD PLAIN MANAGEMENT ORDINANCE AND CONFORM WITH STATE CITATIONS AND MANDATES; PROVIDING FOR CODIFICATION, SEVERABILITY, CONFLICTS, AND AN EFFECTIVE DATE (Linda Connors, Development Services Director)

At this time Mayor Vincent opened public comment.

Barbara Cole, resident, stated that sea level rise of 6 in. to 10 in. is expected by the year 2030. She felt this figure may be inflated in comparison with recent records of sea level rise. She also noted a recent decision by Fort Lauderdale to raise the minimum level of seawalls, and recommended that the Commission keep expenses such as this in mind when making changes to Town Code.

With no other individuals wishing to speak at this time, Mayor Vincent closed public comment.

Jhanelle Campbell, Planner, advised that this Item would update Chapter 9 of Town Code, which was last updated in 2014 at the request of FEMA. References in the Ordinance have changed with regard to Florida Building Code, and Chapter 9 is being updated to reflect these changes.

Commissioner Oldaker commented that the Fort Lauderdale Ordinance cited by Ms. Cole affects a very small number of properties in an area where residents were permitted to build docks on public property.

Mayor Vincent noted that in addition to the possibility of substantial sea level rise in the future, all attendees at the Florida Mayors' Summit agreed that storm events are becoming more common, have longer duration, and are often accompanied by wind and rain events. The American Flood Coalition hopes to raise awareness at the state and federal levels and influence the appropriation of funding.

Vice Mayor Sokolow made a motion, seconded by Commissioner Malkoon, to adopt the Ordinance on first reading. Motion carried 5-0.

16. ORDINANCES 2ND READING

None.

17. RESOLUTIONS – PUBLIC COMMENTS

17.a Resolution 2019-38 – A RESOLUTION OF THE TOWN COMMISSION OF THE TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA, CREATING A COMPLETE COUNT ADVISORY COMMITTEE FOR THE 2020 DECENNIAL CENSUS; SPECIFYING POWERS AND DUTIES OF THE COMMITTEE; ESTABLISHING THE NUMBER OF MEMBERS OF THE COMMITTEE;

**ESTABLISHING QUALIFICATIONS OF MEMBERS OF THE COMMITTEE;
PROVIDING FOR AUTOMATIC TERMINATION OF THE COMMITTEE;
PROVIDING FOR SERVICE WITHOUT COMPENSATION; PROVIDING FOR
IMPLEMENTATION; PROVIDING FOR AN EFFECTIVE DATE (Linda
Connors, Development Services Director)**

At this time Mayor Vincent opened public comment.

Barbara Cole, resident, requested that the Commission discuss this Item further before the public.

With no other individuals wishing to speak at this time, Mayor Vincent closed public comment.

Planner Campbell explained that this Resolution would create a Complete Count Committee that would have a voice with regard to the upcoming 2020 census. The U.S. Census Bureau recommends creation of such a committee by every local government in order to promote resident participation.

The purpose of the Complete Count Committee would be to recommend methods to disseminate information about the census, assist in advertising the census, and determine best practices and outreach efforts to encourage participation. The Commission has approved a budget of \$7500 toward these efforts. Some suggestions already discussed include:

- Holding public events to make computers available to all residents so they can complete their information
- Inviting regional members of the U.S. Census Bureau to attend the November 6, 2019 Planning and Zoning Board meeting and address the Committee members and the public

Planner Campbell concluded that the proposed Complete Count Committee would consist of the members of the Planning and Zoning Board and Board of Adjustment.

Town Attorney Trevarthen advised that this Committee is established every 10 years to facilitate public outreach associated with the census. Because an accurate count is associated with regulatory and financial consequences, most local governments provide outreach programs such as this to encourage the public to participate. The 2020 Census will be the first in which responses may be submitted online.

Commissioner Strauss asked if any outside funding is available for census outreach efforts. Planner Campbell replied that there is some funding at the County level, although it is limited. Town Manager Vance requested that any motion to pass Resolution 2019-38 include the stipulation that Staff will pursue any potential financial assistance associated with census responsibilities.

Commissioner Oldaker observed that in the past, it can be intimidating for census takers to approach every household and request sensitive information. He recommended that the public be informed in advance that census takers will be visiting households. There are opportunities for members of the community to apply to become census takers.

Vice Mayor Sokolow made a motion, seconded by Commissioner Oldaker, to approve with the initiative to pursue additional funding options as proposed by the Town Manager. Motion carried 5-0.

17.b Resolution 2019-39 – A RESOLUTION OF THE TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA, RELATING TO THE MEMORANDUM OF UNDERSTANDING (“MOU”) REGARDING COLLABORATIVE STUDY AND SUBSEQUENT DEVELOPMENT OF AN INTEGRATED SOLID WASTE AND RECYCLING SYSTEM; APPOINTING REPRESENTATIVES TO REPRESENT THE TOWN IN MATTERS RELATING TO THE MOU; PROVIDING FOR AN EFFECTIVE DATE (Neysa Herrera, Assistant to the Town Manager)

At this time Mayor Vincent opened public comment, which he closed upon receiving no input.

Town Manager Vance advised that this Resolution originated with the Florida League of Cities. Staff has participated in the regional coordination efforts that resulted in this proposed Resolution, which would designate Commissioners as Town representative and alternate to a regional Commission, which would be responsible for appointing an Operating Committee and Technical Committee to make regional landfill recommendations by spring 2020.

Vice Mayor Sokolow made a motion, seconded by Commissioner Strauss, to appoint Commissioner Oldaker as the Town’s representative and Mayor Vincent as its alternate. Motion carried 5-0.

17.c Resolution 2019-40 – A RESOLUTION OF THE TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA, APPROVING AND AUTHORIZING

AN AGREEMENT WITH ERICKS CONSULTANTS, INC. FOR LOBBYIST SERVICES; AUTHORIZING THE TOWN MANAGER TO EXECUTE THE AGREEMENT; PROVIDING FOR AN EFFECTIVE DATE (Bill Vance, Town Manager)

At this time Mayor Vincent opened public comment.

Barbara Cole, resident, asked for information on the lobbyists' past performance.

With no other individuals wishing to speak at this time, Mayor Vincent closed public comment.

Town Manager Vance stated that prior to his arrival, the Town's lobbyists have worked closely with both state representatives and County Commissioners and have continually pursued state grant funding or appropriations for the \$3.5 million Palm Club sewer project. He recommended that the Town continue the relationship with Ericks Consultants, Inc., at least throughout the next fiscal year, as these funding opportunities are currently close at hand.

Commissioner Oldaker made a motion, seconded by Vice Mayor Sokolow, to approve. Motion carried 5-0.

18. QUASI JUDICIAL PUBLIC HEARINGS

None.

19. ADJOURNMENT

With no other business to come before the Commission at this time, the meeting was adjourned at 8:50 p.m.

Mayor Chris Vincent

ATTEST:

Lauderdale-By-The-Sea
Regular Town Commission Meeting
October 22, 2019

Tedra Allen

Town Clerk Tedra Allen

11-12-19

Date
